THE LEWIS BEAR DRUG CO. PENSACOLA, FLA.

Marion Institute, Marion, Alabama.

Aims. To develop symmetrically the moral, mental and physical nature of each student with more regard for character and culture than for mere scholarship. To prepare for business, the study of law, medicine, the ministry, and engineering; to train young men for Agriculture and West Point and for study at the great universities.

Methods. (1) LIFE: All the professors and their families live in the Institute, and personal attention is given to the manners, morals, health, and social culture of students. The number of students is limited to those who can be accommodated in the Institute homes with the professors and their families.

(2) INSTRUCTION: Nine (9) professors and instructors from the leading American universities. The Marion Institute System in addition to the regular classroom instruction, each professor gives private, individual instruction in the Institute Homes at night from seven to nine o'clock.

Results. The nature and quality of the work already done by the Marion Institute may well be judged by the record of Marion boys at the University of Virginia. The Registrar of the University, Mr. Howard Winston, makes the following official statement: "The record of the University of Virginia for the decade ending June, 1906, shows that during that period the University of Virginia has awarded as many academic degrees to the graduates of Marion Institute as it has to those of any other college in the country."

Courses. College courses leading to the degrees Bachelor of Arts and Bachelor of Science. University Preparatory Courses: Coaching classes to prepare for the United States Military Academy at West Point and for the United States Naval Academy at Annapolis. Full Business College Courses, with thorough academic training in the elements of a liberal education. Special Courses to prepare for the study of Law, Medicine, Pharmacy, Dentistry, Engineering, Journalism, the Ministry. These are one-year and two-year courses adapted to the needs of each special student. For detailed information of courses, condition of admission, and expenses, address

H. O. MURFEE, Superintendent, Marion Institute Marion, Ala.

KILLED AT GRAVE.

Mourner Struck By Lightning In Presence of Funeral Assembly.

Walter White, a farmer, was killed by lightning Sunday afternoon, at 7:30 p.m., while watching the funeral of his life-long friend, being lowered into the grave.

About seventy-five persons were at the funeral, and many of them were kneeling to the ground. Young White was taken to his home in the same hearse which had conveyed Barksdale's body to the cemetery.

Holmes Johnson, Jr., son of F. Holmes Johnson, well-known attorney of Grays, Ga., was run over and killed by a freight train on the Central of Georgia railroad near Grays, Ga. Young Johnson was riding between the freight cars en route to his father's peach orchard when a sudden jolt of the engine caused him to lose his hold, throwing him beneath the wheels. Death was instantaneous.

Camp Meeting

REV. H. B. CRUQUANT

A camp meeting for Elba. Dunt that beat you?

And the people are rallying to it.

The camp grounds are now becoming the popular resort.

O how beautiful That's what the ladies say.

I didn't know such a beautiful place was in Elba is what they say.

The boys have been hard at it this hot Monday.

The briars and bushes fade away like mist before the morning sun.

Wayland Law had rather be at work on the camp grounds than sailing the ocean blue.

You haven't seen the piles of lumber on the camp ground have you?

Thesday the seats will go down.

The pulpit platform will be 16 X 18.

Friday night before the fourth Sunday in August—that's the time.

Law's lights will be beauties.

About twelve splendid lights is what Law will put under the arbor, with one large arc light on the roadway to the bridge.

When it comes to talking lights Law knows the trick.

Perdue is master mechanic.

Mace Rowe has worked like a wheel here.

Did you see Carmichael on that race?

Judge Sanders is solid as a rock—he knows how to stand to his guns.

Sam Windham, well he's a whole team.

And Symonds gets that western move on him, and things move.

Earl Tatum has worked like a beaver and says he's going to have a front seat. He shall, and his pa with him.

Wade McGee knows how to swing an ax.

Tatum thinks Bro. Urquhart can beat him shaving the briars and brush from the face of the ground.

Judge Sanders and his committee, consisting of Carmichael and others, went out after the shekels this morning and dropped forty-four "wheels" in the treasury.

Do you think the folks are coming? Ask Felder.

Just one week from next Friday night.

R. V. B. C. Glenn of Enterprise, will likely preach on the camp grounds at the special service at eleven o'clock next Friday morning, August 19th. Let everybody hear this splendid preacher.

There's something doing at the camp grounds this week.

Somebody said we were not going to have a camp meeting. That "feller" didn't know who was behind the thing.

The folks have fallen in behind the preacher, and are saying: we are going to stand by you. You better get in while you can. Don't be a "knocker," you'll feel lonesome.

The thing goes.

Come out next Friday morning at eleven o'clock and hear Rev. B. C. Glenn. Where? On the camp grounds of course. That's the only place in town.

Look in next Friday's paper for an "address" to the public.

The news comes Monday that a large crowd is coming from Enterprise, and that they are anxiously waiting for the time to arrive. Ask Miller about it.

While the cotton outlook is much better than seemed possible a month ago, still a good deal of the crop is deteriorating badly. Some forms will make practically a normal crop, and there are very few outright failures. Much of the cotton is now in a critical stage.

From Sickness To "Excellent Health!" So says Mrs. Chas. Lyon, Peoria, Ill.; "I found in your Foley Kidney Pills a prompt and speedy cure of backache and kidney trouble which bothered me for many months. I am enjoying excellent health which I owe to Foley Kidney Pills. City Drug Co.

Ice Cream Causes Illness.

Friday night Mrs. H. D. Boyd served banana ice cream for supper, and as a result nearly all of those who ate it became very ill. It is believed that the bananas caused a kind of Potomac sickness. Those who were made sick were Mr. Moll Boyd, Jake and Andrew Boyd, and Mrs. L. A. Boyd, of Richburg, and her daughter Miss Mildred, Mr. Joe Boyd, of Troy, and Miss Blanch Bradley. All of them except Jake Boyd have recovered, and he is out of danger.

Acute or chronic—Which?

No matter if your kidney trouble is acute or chronic Foley's Kidney Remedy will reach your case. Mr. Claude Brown, Reynolds-ville, Ill., writes us that he suffered many months with kidney complaint which baffled all treatment. At last he tried Foley's Kidney Remedy and a few large bottles effected a complete cure. He says, "It has been of inestimable value to me." City Drug Co.

If you are looking about for a place to educate your children, have good health, good clean society, know good men and women, investigate Elba. We have all these and in addition have the best located town in this state for a manufacturing or commercial business.

First Bale.

Elba's first bale of cotton was sold yesterday, the 15th, by Dink Roseberry, a negro tenant on Hon. R. A. King's place 3 miles East of Elba. It weighed 414 pounds and was sold at auction, Morrow & Clark buying it at 17 cents per pound, the amount paid being over seventy dollars. The cotton was ginned by Henry Taylor's big gin in West Elba, and was weighed by the Farmers Warehouse.

President Taft A Director of The Marion Institute.

The annual meeting of the Board of Directors of the Marion Institute, recently held in Washington City, which was presided over by President Taft, who has accepted membership on the Board of Directors, marks the beginning of a new era in the development of the Institute and inaugurates a movement of extraordinary promise in Southern education.

Recognizing that the training of youth of promise for leadership and public service is essential to the welfare of the Nation, and that great centers of learning, liberal in culture and national in spirit, where youth of all sects and sections may intermingling, are essential for such training, the Board of Directors of the Institute are developing upon the Foundation at Marion, first laid in 1842, an independent institution, adequately equipped and endowed, with a faculty and Board of Directors representing the best elements of Southern and national life, in order to afford the youth of the white population the highest possible training for citizenship and service.

The members of the Board of Directors of the Marion Institute who have united in this constructive endeavor to build in the heart of the Lower South an American Eden in order to train, as President Taft apply puts it, "the cream of the Southern youth to become such men as Dr. Aristotle made of Englishmen in his day," are distinguished scholars and patriots, representing the highest American ideals. The Board includes:

PATTERSON TICKET MEETS WITH DEFEAT

Independent Democrats Win by 25,000 Majority.

CONTEST WAS HARD-FOUGHT

Patterson Forces Accede Defeat by the Majority Above Named—Independent Forces Represent Practically the State-Wide Prohibition Element of the Democratic Party.

The independent democrats in the Tennessee primaries Thursday elected their judicial tickets in one of the most exciting and hard-fought political contests ever known in the state. Following are the successful tickets: Judges of the Supreme Court—East or division, John K. Shields; middle division, D. L. Landrum; western division, Matt M. Nell; state-at-large, W. D. Beard, Grafton Green.

Governor Patterson.

Judges of the Court of Civil Appeals—Eastern division, H. Y. Hughes; middle division, Joseph C. Higgins, S. F. Wilson; state-at-large, Frank F. Hall, John M. Taylor.

25,000 Majority Against Patterson.

The independent headquarters here claim that the majority will approximate 25,000 votes. The regular democrats, whose ticket was defeated, claim these figures will be out by 10,000 or 15,000 votes.

The independent faction represents in a large measure the state-wide prohibition element of the democratic party, which has been vigorously opposing Governor Patterson since his memorable campaign with the late ex-Senator E. W. Carmack for the gubernatorial nomination.

Ended Bitter Fight.

The election ended a bitter fight. Patterson spoke in half the counties of the state, and lesser lights from both sides stamped the villages from the Great Smokies to the Mississippi. On the attitude of the bulk of the white republican vote hung the issue. The voters practically all went for the Patterson ticket.

It is understood that in return for the assistance lent by the Republicans in electing their judicial ticket the independents will solidly support the candidate named by the Republicans for governor.

Disastrous to Patterson.

Enemies of Governor Patterson claim the result will have disastrous effect on his political future. He is a candidate for re-election to third term, but as yet the opposition has not shown its hand as to what steps will be taken in putting out a ticket against him.

Mixed freight and passenger train No. 73, America to Montgomery, on the Seaboard, was wrecked at Hutcherson's crossing, near Hurtshorne, Ala. Engineer Lee Melrim and his color ed fireman, both of Americus, were horribly scalded and their recovery is doubtful. The engine, three freight cars and baggage car left the track, the engine turning completely over.

J. B. Watt, aged 62 years, died at his home at Nashville, Tenn. Mr. Watt was one of the oldest operators in point of service in the country, having served over forty-five years in the business. He had the distinction of having taken the messages announcing the assassination of Lincoln, Garfield and McKinley.

The body of a negro, killed with shot, was found hanging from the limb of a tree near Nottingham, Ala. The community in which the lynching occurred is a new settlement, and the officers believe the victim met death at the hands of members of his own race.

Managers of the Pea River Camp Meeting are expecting large crowds to attend the services each day and night. There will be a number of families to camp on the grounds, and people in the country about and the neighboring towns are manifesting considerable interest and will be present in large numbers unless all signs fail. Some wonderful preaching is expected from the eloquent preachers who will be in charge, and all signs point to a most glorious meeting.

When Sick
Women suffering from headache, backache, pain inside, or nervousness, or any other ailment resulting from female trouble, should get Cardui and use it regularly. Cardui has been found by thousands of ladies, to relieve female weakness, by restoring to health the weak womanly organs.

Take CARDUI
Mrs. F. S. Mills, Marietta, Ga., writes: "I don't think anyone can recommend a medicine more highly than I can Cardui. I had a mishap, followed by inflammation. I positively believe I would have died, had it not been for Cardui. When I began taking it, I could not stand on my feet. After taking two bottles, I was cured, and I now weigh 125 pounds. Try Cardui—it will help you. Sold everywhere." B 45

THINK OF Mexican Mustang Liniment AND WHAT IT MEANS TO YOU.

Relief from pain that might otherwise cause you hours of agony.
Tired out muscles eased up and made ready for another day's work.
Lameness in the back and shoulders promptly cured and stiff joints limbered up.
Burns, Scalds, Cuts and Mashes rendered painless and quickly healed.
Rheumatism, Lumbago and Sciatica robbed of their anguish and banished forever.
Ulcers, Old Sores and Open Wounds healed promptly and permanently.

The first application of Mexican Mustang Liniment subdues the pain but it continues its work until every quivering nerve is soothed and quieted.
The great penetrating power of this famous remedy enables it to do this quickly and positively.
In all cases of Sprains, Bruises or Lameness, Mexican Mustang Liniment should be rubbed in persistently.
The antiseptic qualities of this old reliable household remedy make it safe and sure.

Prices 25c., 50c., \$1.00 per bottle. For sale by all Druggists. LYON MFG. CO. 41 to 45 So. 5th St., BROOKLYN, N. Y.

VOL. XIV. ELBA, ALABAMA FRIDAY, AUGUST 19, 1910.

Hayryon Items.
The singing school at Liberty is progressing nicely under the management of Prof. J. D. Mc-Lendon.
Mr. and Mrs. Tobe Betts, of Opelika, are the guests of the latter parents, Mr. and Mrs. R. A. Wallace.
Misses Lucy Grimes and Ruth Morris, of Elba, are the guests of friends here this week.
Charlie Stokes was the guest of relatives at Opp recently.
After spending several days with relatives Mr. and Mrs. G. W. Gallatin returned to their home at West Point.
Uris Boaman, Ethel and Hub Hair, of your city, spent a few hours with friends here last week.
Dana Perdue and Draydon Smith attended the singing here Friday.
The home of Mr. and Mrs. H. S. Boland was gladdened last Thursday by the arrival of a brand-new girl.
Rufus Johnson, of Curtis, was among our visitors last week.
C. N. Smith was with home folks a few hours Sunday.
Miss Irene Boland who has been teaching a music school at Ino was with home folks Sunday.
Mr. J. M. Clark transacted business in your city Saturday.
Messrs G. E. Lindsey and W. D. Foley were with home folks Saturday night and Sunday.
The many friends of Mr. A. R. Smith are glad to learn that his eyes are slowly improving since he returned from a treatment at Montgomery.
Most of the farmers in this section are about through pulling fodder and are getting ready for cotton picking.

The Masonic Conference of Coffee County will be held at New Brocton on the 23rd and 24th of August, next Tuesday and Wednesday.
News of Northeast Coffee
I send you a few notes of Northeast Coffee.
We are having some nice weather and the farmers of this section have about wound up their fodder pulling.
Cotton is beginning to open some. I don't think it will take the farmers of this community long to gather their cotton this year. The crops is very poor.
Protracted meeting at New Hope closed last Thursday. Bro. J. M. Loftin, an able preacher of Pike County is pastor. The Church has called Brother Loftin for another year.

While we are having a good meeting and some people who are trying to live right, we have some one in this community who it seems, will steal a man's life away from him it they can. Mr. J. T. Eagerton's boy, Grover, was shot in the back last Wednesday evening, while he was in the swamp near the public road. Between twenty and twenty-five shot struck the boy. He is getting along very well at this time but may have some serious trouble yet. Lawrence Horn has been charged with the shooting.

Mr. P. A. Turner, a former resident of Columbus, Ga., and Miss Bertie May Helms came down to Mr. A. J. Fuller's residence Monday and were married by him. Mr. Turner says it does not scare him to get married as he has tried it before. He said he would not have married so soon but it seemed to him that the boys around Chestnut Grove were going to get his girl if he waited any longer. He is a good man and O. K. we think. The bride is a fine lady of Chestnut Grove community. I wish them a long and happy life.

W. W. Benson, superintendent of the city schools of Elba, was on Tuesday elected president of the third district agricultural school, succeeding Dr. C. J. Owens, resigned. Mr. Benson was on the state text book commission eight years ago and is one of the best known school men in the state.
The meeting of the board was held in the office of Gov. B. B. Comer, who is chairman. State Superintendent H. C. Gannels and Commissioner of Agriculture J. A. Wilkinson, also members, were present. The two local trustees are M. V. Cappe, of Abbeville, and George Malone, of Dethan.

United States soldiers have been sent to the Rocky Mountains to fight fires. It is lots more useful work than chasing Moros in the Philippines.
Dysentery is a dangerous disease but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened it is pleasant to take. Sold by All Druggists.

Crop reports from various parts of Alabama say cotton and corn and other crops have been greatly improved by dry weather during the past week. The general outlook is considered very bright for the whole state.
Alabama farmers will get a hundred million dollars or more for this year's cotton crop.

Two Plants and a Garage Are Destroyed.
Montgomery Journal.
Troy, Ala., Aug. 18.—At 5 o'clock this morning Troy suffered a disastrous blaze the losses being \$14,400, with \$4,700 insurance, leaving a total loss of \$9,700.
The fire originated in T. F. Murphree's iron and working plants and spread to Humberg's machine shop and garage, destroying both plants and also four automobiles, one horse and a carriage.
The damage is as follows: Murphree's plant and building, \$5,000 with \$1,000 insurance; Fox Henderson's machinery in garage, \$2,500, with \$300 insurance; Charles Heidson building, \$2,500; The Ford Sales Company's new roadster was full insured. The auto of Charles Henderson, president of the Alabama Railroad commission, was not insured. On the J. D. Henderson touring car and Mrs. Bette Boyd's touring car, the insurance lapsed. F. S. Wood lost a horse, and O. A. Faulk a carriage.
The fire company was soon on the scene, but the flames were so fierce that they could only save adjoining buildings.
Prof. M. D. Paos, who went quail hunting had taken his car from the garage only about an hour before, thus saving it from the flames.
Alabama farmers will get a hundred million dollars or more for this year's cotton crop.

The fire originated in T. F. Murphree's iron and working plants and spread to Humberg's machine shop and garage, destroying both plants and also four automobiles, one horse and a carriage.
The damage is as follows: Murphree's plant and building, \$5,000 with \$1,000 insurance; Fox Henderson's machinery in garage, \$2,500, with \$300 insurance; Charles Heidson building, \$2,500; The Ford Sales Company's new roadster was full insured. The auto of Charles Henderson, president of the Alabama Railroad commission, was not insured. On the J. D. Henderson touring car and Mrs. Bette Boyd's touring car, the insurance lapsed. F. S. Wood lost a horse, and O. A. Faulk a carriage.
The fire company was soon on the scene, but the flames were so fierce that they could only save adjoining buildings.
Prof. M. D. Paos, who went quail hunting had taken his car from the garage only about an hour before, thus saving it from the flames.
Alabama farmers will get a hundred million dollars or more for this year's cotton crop.
